

# Experience

(Duet with Andrew Strong)

*Tekst og musik Helle Hansen*

I like a man to have intelligence  
I like a man not to be too dense - but what  
I like a man to have besides common sense  
I like a man to have experience  
To have experience  
Experience

I`ve got a girl, you all know her, she`s the host  
I`ve got a girl who`s been from coast to coast  
I`ve got a girl and I don`t like to boast  
But I tell you fellows she`s got more than most  
She`s got experience  
She`s got experience  
She`s got experience  
She knows where everything goes

10 is for men - women can`t use you yet  
20 is plenty - if you wanna go to a disco  
30 talks dirty - but what you see ain`t what you get  
40 is naughty

So guys when you pick`em, don`t you go for twenty-one  
He may be cute but can he cock his gun  
If you want a girl who gets things done  
You stick with forty, cause forty has more fun and more

Experience  
She`s got experience  
He`s got experience  
She`s got experience  
She`s got experience  
She`s got experience  
He`s got experience  
He knows She knows She knows
