

# I Don't Belong Here

*Tekst og musik Henning Olesen/Troels Skovgård*

I gave all I had - I was naked  
Let the fire play with my soul  
But now I can see what you're doing to me  
I'm still naked but I'm freezing cold

I don't belong here baby  
I don't believe you  
No matter what you say you'll just play  
Till the day I leave you

I left all I had - I was flying  
And you told me you needed some time  
Well now I can see that the things that you do  
And the things that you say never rhyme

I don't belong here no more  
I don't believe you baby  
`Cause when I look in your eyes I see lies  
The truth deceives you

I don't belong here  
I don't believe you  
No matter what you say you'll just play  
Till the day I leave you

First time I met you  
I felt "something's going on" believe me it's true  
Now when I leave you  
I'm only something going on for somebody new

I don't belong.....
