

If I Had The Chance

Tekst og musik Winston Sela/Stive Duberry

I know there's no going back
I wish that I could
We leave the past behind
As we change for good

I see as time goes by
We were children running wild
We lost our way somehow
We were careless, we were blind

If I had the chance
To do it all over
I wouldn't change a thing
If I had the chance
For the words left unspoken
For what we might have been
If I had the chance

You brought out the best in me
And you became my whole life
But sometimes the brightest flame
is lost in the light
I've got a special place
For the good things that we shared
I can go there anytime
And I'll always find you there

If I had.....

Never stopped loving you
Till now I never knew
How this emotion would some day come pouring out
Now I know who I am
It takes time to understand
But there's still no doubt

If I had.....
