

# Just Like You

*Tekst og musik Parker/Moore*

Hello my friend it's been a while  
All our old clothes are back in style  
We went our separate ways  
Only to return  
To face a lesson  
That we failed to learn

We didn't understand the truth  
We were blinded by the eyes of youth  
And time kept on moving  
And a change had come  
And you think that I don't know  
Where you're coming from

Well I feel - I feel just like you  
And I cry - just like you  
And I heal - just like you  
And under my skin I'm just like you

You gave your love and innocence  
They took away our confidence  
But I'm not those women  
And you're not those men  
So put your arms around me  
`Cause I am your friend

And I feel.....

And like everybody else  
When I get hurt I cry for help  
And I got secrets that God only knows  
And God knows

I feel.....

And under my skin I`m just like you
