

When Nightowls Call

Tekst og musik Ole Grønne/Jan Kaspersen

In a dream one night I saw
We were dancing on a wire
and were breaking down the house
Just to generate the fire
I may not be the brightest bulb in the hall
But there are signs enough to read on the wall

So set the time on delay
And let's repeat yesterday
We might have been out of sync
Doubt can break the weakest link

So do me wrong and do me right
And I will keep you in my sight
Our route might feel as the Chinese wall
But there's a spring behind each fall
When night owls call

And I know every star will fade
I know every road will end
And there'll fall showers on your birthday
Cracks will come that we can't mend
I may not be the sharpest tool in the drawer
But I never threw good times out the door

So set the time on delay...

And I'm sitting by the water
Fifty years from now
Can't change the past
Anyhow
And it's time playing pinball
Playing heartball
I cover my ears
When the night owls call

No time for regrets
No place for complaints
We catch the wind with the stories we tell
And it's time to go crazy
Go rob a million
Put it in a wishing well

So set the time on delay...
