

Where I Belong

Tekst og musik Jonas Krag

I've walked the long roads of endless dreams
Trying to find out
Why it always seems to be so hard
To make things right

We've searched all the rooms just hoping to find
A safe way to go
But could it be we finally need to read
Between the lines

I don't even know where I belong
All my days are changing from right to wrong
It might as well get easier when I'm gone
To find out what's right or wrong
Then I know where I belong

In the wake of my dreams I realize
What we could have done
I open up my eyes so I can see
It's time to move on

Oh listen baby, I don't know what's going on
Tell me why I have this feeling inside
Just say that it's true I don't belong to you
Anymore

I don't even know where I belong...
